SHARON WANG LIU

CREATIVE TECHNOLOGIST

516.870.8552 | SHARONWL3708@GMAIL.COM | SHARONWL.ME/CREATIVE-TECH

BACKGROUND

Creative technologist working at the intersection of design and code. Experienced in rapid prototyping with LLMs, creative coding, and interactive experiences. Adaptable, results-driven, and passionate about exploring emerging tech and building tools that inspire.

EDUCATION

NEW MEDIA DESIGN BFA (HONORS)

Rochester Institute of Technology, 2023 – 2027

- Outstanding Undergraduate Scholar (Top 1%)
- Director of Marketing (INIT RIT)
- GPA: 3.94

EXPERIENCE

DESIGNER | HOUSE PARTY

Rochester, NY, October 2026 – present (Startup Contract)

- Ideating and designing **interactive, physical-to-digital** room concepts and **embedded game mechanics.**
- Developing **custom set-object** plans, supply lists, and visual assets following themed room personalities.
- Creating **custom graphics and UI elements** in Figma and Adobe for **physical interaction triggers.**

UI/UX DESIGNER / PROJECT | SPECIAL OLYMPICS NY

Remote, November 2025 – present

- Redesigned website by re-structing information architecture, user journeys, wireframes, and prototypes for multiple devices using Figma.
- Implementing **responsive design** using WordPress to **streamline processes for site managers.**
- Integrating **custom web features and interactions** with HTML, CSS, JavaScript, and Three.js.
- Ensuring **strict accessibility, plug-in compatibility, and cross-platform UX consistency.**

UI/UX DESIGNER | RIT MAGIC SPELL STUDIOS / AUDIENSE

Rochester, NY (Remote), March 2026 – July 2026 (20-week client project)

- Conceptualized and prototyped the next generation of **live B2B AI marketing and analytics software.**
- Streamlined complex data structures into user flows, wireframes, and high-fidelity Figma prototypes.
- Created **scalable UI design systems and component libraries** by adapting the brand identity into accessible UI patterns, interaction guidelines, and design specs.
- Presented design directions to the client and iterate based on feedback, while collaborating with marketing, product, and development leads to **ensure cohesive, user-focused solutions.**

TOOLSET

- **Design & Motion:** Figma, Adobe Creative Suite (Photoshop, Illustrator, After Effects), Cinema 4D, Spline, TouchDesigner
- **AI Tools & Workflows:** Claude, ChatGPT, Figma Make, Google AI Studio, Antigravity
- **Frontend & Code:** HTML & CSS/Tailwind, JavaScript, React, Three.js, p5.js, Python, Java, Vibe Coding, node.js, Typescript
- **Platforms & Hardware**: Git, Arduino, Lens Studio, Autodesk Fusion
